OUR FOCUS

DEUTSCHES HYPNOSE INSTITUT

The German Hypnosis Institute brings years of experience from practice and research into a functioning hypnosis concept. At the DHI, methods of Milton H. Erickson, founder of the modern form of hypnosis, are systematically developed further.

We have designed the professional and comprehensive DHI training with easy-to-understand step-by-step instructions especially for use in therapy and coaching. After all, the simple implementation is very important to us. As part of the training, you will learn to hypnotize from the start with many exercises.
